The refurb breakdown

The below refurb estimate is based on a time-limited inspection of the property. We have done our best to record and estimate all work which needs doing to refurb this property to a high standard and we do not expect the actual cost to increase. However, there is always a chance that there are hidden issues which can only be found once work has commenced (e.g. damp issues), and these may result in extra work being needed, and the cost increasing. All costs include labour and materials.
